What happens if I register after the deadline?

*Register **before April 28**: Synod reports will be mailed May 8 allowing adequate time to read and consider information.*

*Register **before May 26**: Synod reports will be mailed as registrations are received allowing limited time to read and consider information.*

Why do I have to sign in at Bonclarken if I've already registered ahead of time?

You are not an official voting delegate until you have signed the Official Roll of Synod which is an historical record of those present. The Official Roll also serves as the document by which a quorum is determined.
